

### WALK TO HARRIETSHAM

Stede Hill is quite busy, a nicer way is via the farm. Go to the gallops and go right, 100m is a sign down the hill. Go down to The Pilgrims Way and go right, over Stede Hill, and follow the road to the end of the tarmac and then go left down the footpath. Keep going all the way to the railway line. Turn sharp right, over the rail bridge and left out of the station. At the T go left to the PUB. Shops are a bit further on.

### WALK TO LENHAM

The longer prettier route is to follow the dark blue line. Go onto the farm and when you get to the gallops go left. Follow the wooden fence round until you see the sign at the gap in the hedge (1) follow the directions for the circular walk. When you head down the hill and into the big field watch for the footpath that goes off to the right (2) and follow that, through the hedge onto the road and go right downhill. At the T go left and follow The Pilgrims Way off the tarmac and watch for the footpath going downhill at an angle (3). At the A20 just cross over and follow the road into Lenham. PUBS, QUIRKY SHOPS, BAKERY, COOP, FISH & CHIPS.

On the way back try the light blue line (4) for a change.
